

# BuGG Advanced Training Programme on Building Greening 2022

The German Association of Building Greening „Bundesverband GebäudeGrün e.V. (BuGG)“ has been offering various seminars, workshops and lectures on building greening for their German audience in recent years.

In addition, they now also offer basic seminars on green roofs and facades in English language.

All seminars can be attended individually. Each seminar is accompanied by a certificate of attendance.

By attending an introductory seminar and a specialist seminar you qualify for the half-day exam. After passing the exam, you will be awarded the title of „BuGG-Certified Green Roof/Facade Advisor“ in order to be prepared for initial consultations on the basics of building greening.

## ▪ Introduction and Orientation

Introductory Seminar „Building Greening“ (E01\_EN)  
1-day  
Online: 295 Euro plus VAT

## ▪ Basics

Specialist Seminar „Green Roofs“ (G01\_EN)  
1-day  
Online: 295 Euro plus VAT

Specialist Seminar „Facade Greening“ (G02\_EN)  
1-day  
Online: 295 Euro plus VAT

## ▪ Exam

Examination (written/oral) to become a „BuGG-Certified Green Roof Adviser“ (P01\_EN)  
(E01\_EN + G01\_EN required)  
Half-day  
Online: 150 € plus VAT

Examination (written/oral) to become a „BuGG-Certified Green Facade Advisor“ (P02\_EN)  
(E01\_EN + G02\_EN required),  
Half-day  
Online: 150 € plus VAT

## Seminar content

Theoretical basics of greening buildings:  
General conditions, planning principles for construction and vegetation techniques and characteristics of the most important forms of roof and facade greening; with reference to existing standards and guidelines.

## Target groups

Planners, city representatives, members of professional associations and all interested parties who want to familiarise themselves with the topic and want to learn the basics.

## Requirements for participation in the examination

Participation in seminars E01\_EN and G01\_EN or G02\_EN.  
Interest in the topic and willingness to consolidate and expand what has been learned through self-study.  
In order to pass the exam, you will have to deepen your knowledge with the help of recommended literature, or you will need prior knowledge from your professional career.

## Speakers

The seminars are conducted by our BuGG-instructors, all of whom have many years of experience in the green building industry.

## Location

Online

**Seminar dates will be announced shortly**

## Seminar fees

Per person, plus VAT.  
BuGG members, members of EFB-Associations and from 2nd person of a company receive a 25 % discount.

## Confirmation of participation and certificate

Participants receive a certificate of attendance.  
In addition, after passing the exam a certificate as „BuGG-Certified Green Roof Adviser“ or „BuGG-Certified Green Facade Advisor“ will be issued.
